

CASE STUDY

IP CCTV Surveillance System

Government Sector

Abu Dhabi Judicial Department

Abu Dhabi Judicial Department was looking to install a Full HD IP Video/Audio CCTV system in all their notary public units in Abu Dhabi, Al Ain and Western region.

Business Objective:

To provide full surveillance throughout the notary public units with high definition footage, the system in consideration had to provide the following essential functions:

- Full HD Footage
- Scalable High end Video Management System
- Clear Audio recording

XProtect™
Corporate

Solution:

For meeting the requirements as well as the objectives of the customer, the following equipment design was defined:

- Samsung SND-6083P 2MP Full HD 1080P Varifocal Network Camera
- SUPR-120 omni-directional, low impedance, condenser microphone
- Milestone XProtect Corporate Video Management System

Samsung SND-6083P 2MP Full HD 1080P Varifocal Network Camera

SUPR-120 omni-directional, low impedance, condenser microphone

Result:

The keenness of the customer to find a versatile, flexible and reliable solution of a world class manufacturer supplying all the relevant products necessary for installation coupled with the importance of having a competent, fully trained and authorized installer who is in charge of the supply, the installation and maintenance of the IP surveillance system, automatically led to the choice of Milestone, Samsung Techwin and Veritec Information Systems.
